This WorkLite is equipped with an On/Off switch. One of two levels of brightness can be selected.

Worklites equipped with a retractable reel can be mounted on the wall or ceiling. Take care when mounting the reel to follow all safety and building code guidelines in your area. The transformer is equipped with a mounting screw so it can be secured into the socket.

The 2 year warranty does not cover the tube, grips, hook, wire batteries or transformer. Product returned for service that is not covered under warranty, will receive a new or rebuilt worklite for a replacement fee that does not includes shipping charges, or the cost of the Reel if so equipped. If the product has been discontinued, the nearest equivalent product may be substituted.
